'Tis the Season

Procrastination. According to Wikipedia, 'In psychological terms, procrastination is defined as the act of replacing more urgent actions with tasks less urgent, or doing something from which one derives enjoyment, and thus putting off impending tasks to a later time. In accordance with Freud, the pleasure principle may be responsible for procrastination; humans prefer avoiding negative emotions, and delaying a stressful task. The concept that humans work best under pressure provides additional enjoyment and motivation to postponing a task.' In layman's terms, "procrastination" means waiting until the last minute to do something. Sound familiar now?

Fair season seems to be a time of procrastination. I'm ashamed to

say, procrastination became common practice in our house growing up when it came to 4-H sewing projects, notebooks and record books. These were tasks my sisters and I didn't think were much fun. It seemed the older we got, the more responsibility we had for our projects and the more we procrastinated. I can remember the stress we felt as we got closer and closer to our deadlines. After the fact, we jokingly said we worked better under pressure.

I recall the county fair with fond memories. However, sometimes the weeks leading up to the fair, weren't so fun. Sometimes there was yelling and even tears in our house. I can only imagine the stress our parents felt. Somehow, we always got our project done and the fair went off without a hitch.

Does any of this sound familiar to you? I challenge you to have a more stress-free fair this year. Your first step is to get those fair pre-entries turned in to the Extension Office on time!! You may have lots of questions about filling them out correctly. We know the pre-entry and fairbook can be confusing, especially if you are new to 4-H. Calling or coming in early to get your questions answered helps you to feel more at ease that you completed the process correctly. Waiting to have your questions answered until July 5th (the deadline) could result in a long wait in the Extension Office and increased anxiety for you.

Start the fair season off right. Get your projects completed in a timely manner and turn in your paperwork on time or early.

Include the following information: Specie, previous tag number, breed, sex of animal and statement verifying that the animal is the same animal that was tagged at the official tagging day. Ear tags that are lost after the pre-entry deadline must still be submitted in writing to the Extension Office, but will be handled on a case by case basis.

Two testers will be available and leg bands will be applied at the testing. Cost will be \$4/bird. Checks may be made to Cowley County Extension Council. RSVP to the Extension Office (620) 221-5450 by July 13th, to secure your bands and test.

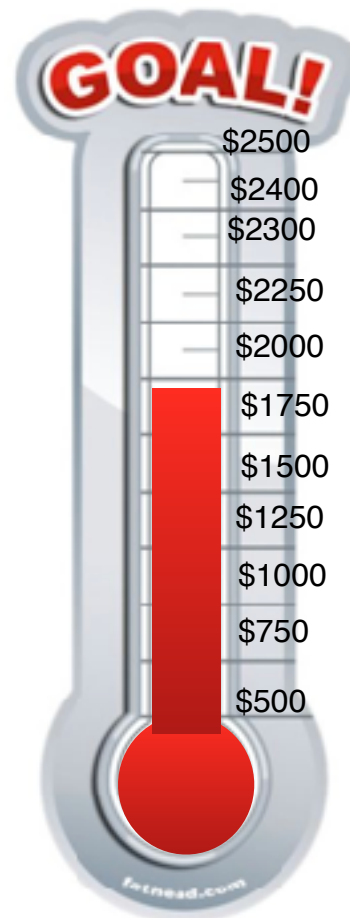

Action Needed

Cowley County 4-H benefits from having one of the best fairgrounds in the state. However, even with great facilities, our fairgrounds offer challenges to 4-H including lack of storage for equipment safe from flooding. Beau Bailey, 4-H supporter and friend has identified a solution- the purchase of a shipping container. The container will be placed in the "pit" area of the fairgrounds where it will be protected from flood waters and accessible to staff.

Having a storage area at the fairgrounds would allow the storage of livestock scales, fire hoses for fair clean up, foodstand overflow and storage as necessary during flooding.

Beau has secured a container for \$2500 including delivery. We are currently raising funds to pay for it.

To date, we have raised \$1765. If each 4-H family would contribute \$10-\$25, we will raise more than enough funds to cover the cost of the container. To contribute, make your check payable to "Cowley County 4-H Development Fund" with "shipping container" in the memo line. Contributions will be received at the Cowley County Extension Office, 311 E. 9th, Winfield (P.O. Box 538, Winfield, KS 67156). We hope you'll consider making a gift to help achieve this solution.

Use your Freezer to Preserve your Sanity!

To help save time and stress at county fairs, prepare food entries early and freeze them. Most baked goods freeze well and can still be top ribbon quality. Here are some tips:

- Bake and cool completely! This helps prevent condensation inside the wrapping and development of ice crystals.
- Use moisture-vapor resistant packaging such as freezer-safe plastic containers or bags, and rigid containers.
- Separate layers of cookies with wax paper or parchment paper.
- Freeze cakes or breads un-frosted and frost after thawed.
- Make pie crusts ahead of time and freeze.
- Thaw all baked goods in the freezer packaging. They can be thawed at room temperature. Remove from the freezer the night before the fair. Once thawed, repackage according to fair rules.

Always wash your hands...

- Before touching food or clean surfaces
- After you touch food
- If you touch your face, touch your eyes, touch your hair, blow your nose, take out garbage or go to the bathroom
- If you handle money (money is covered in germs!)
- If you use your phone (cell phones are covered in germs!)

Food Safety at the Food Stand

Tuesday, July 11th 1:30 p.m. or Thursday, July 20th 6:00 p.m., Winfield Fairgrounds
All clubs are strongly encouraged to send club members and parents to the food safety training. Club members will have hands-on activities to emphasize the importance of food safety. Call 221-5450 to register!

Foodstand Team Leaders

Each 4-H Club is required to have a Team Leader during the club's food stand shift at the Cowley County Fair. This is a change from the traditional shift manager and is vital to the success of the 4-H Foodstand. The Team Leader is required to attend the Team Leader meeting Thursday, July 21st at 7:00 p.m. at the Foodstand and will be responsible for the following:

- Communicating with Foodstand Manager to understand the menu and duties for the shift
- Assigning tasks to workers
- Communicating menu and tasks to workers
- Monitoring and recording temperatures for hot food, freezers and coolers
- Cleaning and sanitizing equipment and prep areas
- Overseeing food preparation and ensuring safe food handling

4-H Foodstand Schedule

The money raised in the Food Stand is used to support our 4-H programs through scholarships to state 4-H events, transportation to county camp and Discovery Days, volunteer development awards and recognition at Achievement Night, officer training and much more. Here is the schedule of workers for the Food Stand at the Cowley County Fair. An additional Thursday evening shift has been added. 4-H alumni generously give of their time to help raise money for 4-H during this shift. However, current 4-H families are welcome and encouraged to work during this time.

Please assign at least 5 adults to each shift. They are needed to run the cash register, operate the grill and appliances, and help with food preparation.

Each club is REQUIRED to have a team leader. The person must be a responsible adult or teen. Team Leaders should recruit workers, attend the Team Leader meeting on July 11th at 1:30 p.m., or July 20th at 6:00 p.m. at the food stand and turn a list in the office by Thursday, July 20th.

Lexi's LAMB Foundation is always striving to bring a smile to a child's face.

No parent, family member, or friend hopes to have a sick child or a child with special needs. Everyone just wants a healthy and happy child. When faced with the challenge of having a child who wasn't completely healthy, the only choice we saw was to meet the challenge head on.

Working through the challenges we faced helped us realize that we were given a new mission in life. That mission was to help other families who face similar obstacles. We want to help by providing support to these families. Sometimes the only thing needed is a prayer and someone to talk to. Other times maybe a toy or a stuffed animal to help bring a smile to the child's face.

Do-Rag Sunday

Audrie Bailey (Cowley County 4-her) has been raising money for Lexi's Lamb Foundation for 3 years. This is her last year, as she has graduated high school and will be going on to college. Audrie is partnering with Madison Sultz this year. Madison will carry the project on in future years. Please help Audrie and Madison make a new record, the best year yet by purchasing a bandana for \$3. All proceeds are given to Lexi's LAMB Foundation, to help children fight a variety of illnesses and diseases. The bandanas will be available from July 15th through August 6th at the Extension Office and Health Center Pharmacy (Winfield) or the 4-H Foodstand during the fair. We encourage you to wear your bandana/do-rag on Sunday August 6th, at the fair. Audrie and Madison greatly appreciate your support!

News from Zia Gaines: "I woke up in Japan! I can't believe that's Japan out there!"

That's what I said when I woke up at 3:30 in the morning after going to sleep my first night in Japan.

Jet lag is a real thing!

Japan is 14 hours ahead of time in Kansas, so when it's midnight in Kansas it is 2:00 in the afternoon here.

There are 18 delegates from the United States and 2 from Australia that went together from Seattle to Tokyo.

I had never even flown in an airplane before! But now I have gone over 6000 miles and spent over 15 hours in a plane! I like flying! Landing, not so much.

They gave us food to eat on the bus from the airport that was my first thing I ever ate in Japan. I will always remember it was rice, French fries, and meatloaf. (in Tokyo on the way to the 1964 Olympic dorm where they spent the night before meeting their host families the next day)

I had to stand at a podium to give my self introduction in Japanese to the whole room full of host families and staff. I had a cheat in case I forgot how to say something!

I love my host family!

Yuka-san and Yukino (her host mom and sister who she already met in KS) came to get me. We rode the bus to the train station in Shibuya, and then took the train to Yokohama, then walked to the car where Mr Inamura was waiting.

The bus stop was right by the statue of Hachiko! (the loyal dog) We were at Shibuya (train) Station and we crossed the street at Shibuya Crossing (the busiest pedestrian intersection in the world, 2500 people cross together during rush hour). I get off the train here everyday when I go to language school.

Some of the signs are in English. Hearing so much Japanese is interesting. I don't understand much, but can make out some words.

Some of the time Yuka-san and Yukino talk to me in English. Mr Inamura doesn't speak English, and Shino and Kano (her other 2 host sisters) don't know very much and are shy about trying.

The first meal the Inamura's fixed was

Rice (of course)

Pork meatball

Pickled seaweed soup

Spinach

Japanese radish

Pickled radish

Raw tuna

and Squid

They put the food on a flat piece of seaweed and eat it like a taco.

Later we went to the Ramen Museum and ate Ramen noodles!

I sleep on a kind of fold-out bed. It folds up in the middle and gets pushed against the wall. I sleep in the room with all 3 of my host sisters. Everything is small!

It's hot here! (VERY humid!)
