HIP HIP HOORAY for LEADERS

LEADER'S RECOGNITION BANQUET
First Christian Church
October 25, 1969 - 6:30 p.m.
Persian Farmam grew wheat, rye, orchard crops
and made a good living. One day Don't Print
sent Farmam a letter asking, "Will you prepare
the persimmon meal we will serve on the
first of the month?"

Farmam had a friend who was a miner. He
had found a diamond and wanted to make a
dig to find more. One day the miner
asked Farmam, "Is it true that there are
diamonds in this area?"

Farmam replied, "Yes, there are diamonds.
I've seen them." The miner was excited and
decided to dig for diamonds.

One day, while digging, the miner found a
shiny object. He thought it might be a
diamond. He showed it to Farmam, who
agreed it was a diamond.

"We all think it is better everywhere,"
he said. "But we can't
think someone else can do it.
Let's work to set a goal for the
better work and for good."
