PHOTO MOUNTING INSTRUCTIONS

Photography entries must be mounted according to these rules:

1. Studio photo mount board must be ordered.
2. Studio photo mount board may be purchased at the extension office.
3. Use the Photo Display Instructions as a guide for correct photo and ID form placement
4. Photo mount size is 11" wide by 12 1/2" in length. (See below)
5. Photo mount is always orientated with 11" side as the top of mount.
6. Mount each photo 1" down from the top (both horizontal and vertical orientation) of the mount board and equal distance from each side.
7. Correct mounting adhesive must be used. Use only adhesives designed for permanent photography mounting. Do not use rubber cement, white glue, double stick tape or other household adhesives.
8. Fill out and attach I.D. Label on bottom 1" of photo mount.
9. Place mounted photo in clear photography bag. These may be purchased at the local extension office.
10. **DO NOT seal photography bag.**
11. Photos improperly mounted will be lowered one ribbon placing.

COUNTY FAIR ID LABEL

1. Fill out ID label. Cut on dashed lines only, do not trim edges.
2. Attach to bottom edge of photo mount board with clear tape by folding tape around each edge onto back of mount.
3. **DO NOT stick tape to front of mount board, only ID label.**
4. Write member name in block letters, one per box.
5. Write club and 4-H age.
6. Circle age division and years in project category.
7. Circle type of camera used then check FILM or DIGITAL.
