FALL FOR EXTENSION

Hosted by Friends of Cowley County Extension

PROGRAM & AUCTION CATALOG

NOVEMBER 19, 2022

BADEN SQUARE COMMUNITY CENTER
700 GARY STREET - WINFIELD, KS

DOORS OPEN 4:30 P.M. | DINNER 6:00 P.M. | AUCTION 7:00 P.M.
Welcome!

November 19, 2022

Good evening Friends and Neighbors,

The Friends of Extension, and Extension Staff would like to welcome you to the 7th Annual “Fall for Extension” dinner and auction. Through the hard work of our volunteers and staff, and the always amazing generosity of our donors, we are pleased to say this is going to be another wonderful event. We have Creekstone Farms prime rib prepared by Brian Hopkins and crew, Kent Miller’s chicken, 4-Her’s award winning desserts on the menu, and a range of auction items that is sure to provide something for everyone.

We come together this evening to celebrate all we have to be thankful for. Extension has a rich heritage here, dating back decades. The programs and services our agents and staff provide to our producers and local businesses, our youth, and our older adults set us aside from other areas. The Extension office is a unique resource for people throughout the county, in both assisting citizens with issues as well as connecting them with the expertise they need. That willingness and desire to help people is a benefit of truly unmeasurable value we enjoy here in Cowley County.

We also gather tonight in support of Extension in Cowley County. For a number of years, funding has fallen short of covering operating expenses. In 2014, the Friends of Extension committee was formed to strategize a plan to offset the shortfall in appropriations. This event evolved from those discussions and was received with an incredible amount of enthusiasm. The financial impact has helped us meet our fiscal needs and the energy it has generated has been refreshing. The excitement and camaraderie each year is an experience truly worth the effort.

Thank you for joining us this evening. I wish you all a safe and happy holiday season!

Beau Bailey

Beau Bailey, Chairperson
Friends of Cowley County Extension
Cowley County Extension Council Executive Board

Funding for K-State Research and Extension Cowley County comes from a local appropriation from Cowley County Commissioners and an allotment from Kansas State University to supplement agent salaries. Your support of fundraising activities helps replenish our local reserves - thank you!

2022 Cowley County Extension Council Program Development Committees

Our Extension programs are directed by an elected 24 member Extension Council comprised of four Program Development Committees (PDC): Agriculture, Family and Consumer Sciences, 4-H/Youth Development and Community Development. PDC members work with agents to identify local needs, educational strategies and resources to plan local extension programs.

L-24
Bill House was born at the family home place north of Cedar Vale in 1916.

His education included graduating from Cedar Vale High School in 1933 and graduating from Arkansas City Junior College (now Cowley County Community College). He attended the University of Kansas, finishing his bachelor degree in 1937.

He graduated the University of Kansas Law School with honors, Order of the Coif, in 1939. This recognition is for the select few in the top 10% of the law class.

When his KSU friends asked him how he strayed over to KU, he would laugh and tell them that the hitchhiking was so much better on highway 75 than 77 that he didn’t have a choice! Those were depression days. He did not have a car and worked 2 part time jobs to attend school full time. Bill never forgot his humble beginning.

Bill was an active advocate of the beef industry using his law degree on many levels. He held many offices after coming home and stayed active in the cattle industry. A few of his past ventures were serving as President of the American Hereford Association, 1963-1964, President of the Kansas Livestock Association, 1964-1965 and a two term President of the American National Cattleman’s Association (Now the National Cattleman’s Association) in 1968-1969. He was the first Kansan to head that organization.

Active in numerous organizations, Bill touched many lives in a positive and caring way. Friends were a treasure to him and he enjoyed life to the fullest!

In order to keep his legacy alive, his wife Carol, stepsons Jason Smith, Jeffrey Smith, daughter-in-law Eryn and three grandchildren: Micah Jeffrey, Addie Mae, and Canaan Swayne made a plan. They established the Bill House Foundation to keep giving back to the organizations he held dear to his life’s work.

He would be very pleased to know his love for youngsters in the agriculture field is helping them attain their goals the industry he so loved!
The inaugural Fall Open House event was held October 23, 2022. Participants enjoyed a great meal sponsored by the Bill House Foundation, Cowley County Livestock Association, and Cowley County Farm Bureau. Guest speaker Dan Suderman presented a program about practical nutrition and attendees cheered on our 2022-2023 Catch a Calf participants. This event will be held annually to showcase Cowley County 4-H member’s adventures, opportunities, and impact from this generous donation from the House Foundation.

The Catch a Calf program is the first opportunity for Cowley County youth. 4-Hers, ages 10-18 years, had the opportunity to submit an application followed by a professional business interview with the Catch a Calf selection committee.

The selected applicants for 2022-23 are: Adison Henderson, Wade Martin, Whyatt Martin, Kaitlynn Buxton, Maci Sumpter, and Natalia Onelio.

These participants caught their steers at the Open House on October 23rd. To successfully complete the project, participants have several requirements including record keeping, presentations, interviews, showmanship, correspondence with sponsors, calculating average daily gain, and live placings. The participants will sell their steers at the Cowley County Fair. All 4-Hers will have the opportunity to evaluate the animals at the fair and then evaluate meat quality on the rail post-fair.
K-State Research and Extension
Outstanding Local Unit Professional:
Becky Reid

K-State Research and Extension professionals met in late October for their Annual Conference. Each year, one professional is named the Outstanding Local Unit Professional who exhibits excellence in Extension programming.

Becky Reid, Cowley County Family and Consumer Sciences Agent, was named the 2022 Local Unit Extension Professional award recipient. She was recognized during the K-State Research and Extension Annual Conference and will receive $1,000 for future Extension programming.

Becky Reid, Cowley County Family and Consumer Sciences Agent, was named the 2022 Local Unit Extension Professional award recipient. She was recognized during the K-State Research and Extension Annual Conference and will receive $1,000 for future Extension programming.

Becky Reid was nominated by Londa Nwadike, State Extension Food Safety Specialist. Nwadike wrote "Becky plays an active role in the Nutrition, Food Safety and Health Program Focus Team, serving as the evaluation liaison. Becky works with her volunteers and community partners to create a very focused and in-depth program plan that exemplifies the work of the Nutrition, Food Safety, and Health Program Focus Team. She skillfully addresses the Grand Challenge of Health, as well as Global Food Systems and Community Vitality."

In addition to implementing Dining with Diabetes in her county, Becky has provided excellent statewide leadership in this program by assisting in converting the program to an online program. Program evaluation and resulting positive impact is an area where Becky truly shines. She is very generous with her time in assisting other agents to also strengthen their program evaluation and provides evaluation tips to peers. Becky exemplifies an Extension professional, always providing sound, research-based information and providing excellent leadership and mentoring to others."

Reid joined the Cowley County Extension team in June 2010. She has previous experience with Greater Williamson County YMCA in Round Rock, Texas and Colorado State University Cooperative Extension in Norwood, Colorado.
McClung Bros. Farm is honored to be Cowley County’s Master Farm Family Nominee for the Kansas 2023 Farm Family of the Year. 2023 is the 100 year anniversary of the McClung family purchase of the home farm.

Jim wrote: “In 1923 our grandparents, Arthur and Bessie McClung bought the farm which lies between Beaver Creek and the Arkansas River. Our parents, Irvin and Gracie McClung, lived there from the date of their marriage in 1949 until the end of their lives—Irvin in 1996 and Gracie in 2009. Irvin and Gracie had 3 children: sons Vic and Jim, and daughter JoAnn.”

Vic and Jim began their farming enterprise by raising and selling watermelons. The profits from the watermelon sales were used to purchase cows and later gilts. Profits from the livestock were then used to pay for college education.

Vic attended Cowley College for 2 years and Emporia State graduating with a degree in Business Administration. Jim attended Cowley College for 2 years followed by 2 years at K-State graduating with a degree in Ag Education. Jim taught Vocational Agriculture at Winfield High School for 7 years before returning to the farming partnership full-time.

After graduating from college, Vic married Jan Widler and they had 4 daughters: Shannon, Erin, Ashley, and Allison. Jim married Mary Strawn in 1999 and they have a blended family with sons Travis McClung, Brad Strawn and daughter, Tracy Eberhardt. JoAnn has two daughters: Kerrie Bryant and Jill Daughhetee.

The Cowley County Extension Council approved the nomination of the McClung Family Farm to apply for the Kansas Master Farm Family Award.

K-State Research and Extension and Kansas Farmer Magazine, with additional support provided by Kansas Farm Bureau, Frontier Farm Credit/ American AgCredit, and the Kansas State Fair Board coordinate the recognition program. The award started in 1927 from an idea of then-Kansas Farmer publisher, Sen. Arthur Capper.
Vic and Jim formed McClung Bros. Partnership in 1970 and farmed together raising wheat, soybeans, sorghum, corn and cotton. They also continued a cow-calf herd and hog operation.

Vic and Jim’s father, Irvin, became a DeKalb Seed Dealer in 1954 which the brothers took over the operation of in 1996 and it continues today. They also grow and sell certified seed wheat.

In addition to the operation of the farm both Vic and Jim had interest in serving their community by serving on numerous boards. Vic was a board member of Farm Service Agency, Southern Kansas Cotton Growers (SKCG) Cotton Gin Board and the USD 465 School Board. Jim has been a long time board member of the Conservation District and the Cowley County Fair Board. He also serves on the Extension Council Board and the SKCG board.

As a family hobby, largely overseen by JoAnn, the McClung’s plant, harvest, and sell pumpkins in the fall. It gives the whole family the opportunity to spend time together and teaches the grandkids, nieces, and nephews about growing a crop.

Unfortunately, Vic died from ALS in 2011 but the partnership has continued to be operated by Jim, Mary and Jan. McClung Family Farms are proud stewards of the land and producers of food and fiber for Cowley County and beyond.

The Master Farm Family award recognizes up to six farm families across Kansas each year representing excellence in the development and operation of a farm business, and through community involvement and service in agricultural or rural organizations and programs, family activities and development, and any other qualities that make a farm family outstanding in the county and communities where they live.
The Cowley County Extension Council is pleased to award Bill Mueller with the Extension Appreciation Award.

Bill was born at William Newton Hospital and attended school in Arkansas City and Winfield. His father was the Cowley County Sheriff. As a youth, Bill remembers riding along with his dad and hearing stories. From an early age, Bill wanted to be in the FBI.

His undergraduate degree is in History and Political Science from Washburn University with a Juris Doctor Law Degree from Washburn University School of Law. During his college years, he worked for Shawnee County Sheriff’s Department.

Bill served 4.5 years in the Air Force. While he was waiting to go on active duty, he returned home to help his mom after his dad died suddenly from a heart attack. During those months, he worked for the Cowley County Sheriff’s Department.

He met his future wife Belinda during his time in the Air Force through mutual friends. Her dad was an FBI agent, so she was aware of the role and responsibilities of special investigators.

After the military, Bill worked for the Federal Bureau of Investigation (FBI) which included 14 weeks of training at the FBI Academy in Quantico, Virginia. Neither the interviewer or the readers of this story have security clearance to get details of his adventures!
A Friends of Cowley County Extension endowment fund has been established at Legacy Regional Community Foundation. Financial donations can be sent to 1216 Main Street, Winfield, KS 67156 with Friends of Cowley County Extension noted in the memo line.

Bill and Belinda Mueller were honored by Legacy Regional Community Foundation with the 2022 Spirit of Humanity award.

Bill and Belinda moved to McPherson, Kansas in 1978 where he joined the Kansas Bureau of Investigation (KBI). In the late 80’s, they returned to Winfield to help Bill’s uncle with the family farm.

Bill worked for the KBI until 2002 and then joined the Cowley Sheriff’s Department full time. His favorite jobs have been farming and working for the sheriff’s departments.

Bill is proud of his agriculture background. His family has two century old farms - one acquired by his great grandfather in 1898 and another farm acquired by his grandfather in 1917.

Bill has served multiple terms on the Extension Council as an Agriculture and Natural Resources Program Development Committee Member. He has also served as the Chair and Treasurer of the Cowley County Extension Council Executive Committee. He was a founding member of the Friends of Cowley County Extension group. He has not missed a Fall for Extension event (which is one of his favorite activities).

He appreciates K-State Research and Extension’s commitment to ongoing education, especially as it relates to Kansas Grand Challenges of community vitality, developing tomorrow’s leaders, water, health, and global food systems.

Cowley County 4-H Community Impact

Cowley County 4-H Council partners:
First United Methodist Church Winfield and FEDD (Families Eating Donated Deer) outreach project. Visiting hunters can donate deer to be processed for food pantry distribution. Cowley County 4-H Council pays utilities and provides storage space for frozen venison until distribution.

Arkansas City Chamber of Commerce & Winfield Chamber of Commerce - Cowley County 4-H champions and reserve champions at the Cowley County Fair receive their choice of plaques or chamber bucks in recognition of their awards. Chamber Bucks can be spent with local businesses like cash. Proceeds from the 4-H Bake Sale and Food Auction are used to fund this project.

4-H Council annually contributes money to local charities nominated by 4-H Clubs using funds generated from the 4-H Food Stand at the Cowley County Fair. The following organizations have received support.
2021: Winfield Food Pantry $200, Joseph’s Store House $200
2022: 4-H Council meets on 11/21/22 to designate local charities

Congratulations to our 2022 Cowley County 4-H Scholarship Recipients:
